2 Contractor Requirements: Scope of Work

2.1 Summary Statement

- 2.1.1 The Maryland Public Service Commission (“Commission”) is issuing this Multi-Step Invitation for Bids (“IFB”) to provide court reporting service to prepare and deliver transcripts of testimony given during its minor proceedings. The proceedings governed by this IFB are transportation matters, depositions, fuel rate and purchase gas adjustment proceedings, residential customer complaint proceedings, public conferences, administrative meetings, and other matters as requested.
- 2.1.2 It is the State’s intention to obtain goods and services, as specified in this IFB, from a Contract between the selected Bidder and the State. The anticipated duration of services to be provided under this Contract is for a period of three (3) years or when Fifty Thousand Dollars (\$50,000) in usage by the Commission is reached.
- 2.1.3 The Commission intends to make a single for the work under this IFB. See **IFB Section 4.9 Award Basis** for more Contract award information. However, the contract resulting from this IFB shall not be construed to require the Commission to use this contract exclusively. The Commission reserves the right to procure services of any nature from other sources when it is in the best interest of the State to do so and without notice to the Contractor.
- 2.1.4 A Bidder, either directly or through its subcontractor(s), must be able to provide all goods and services and meet all of the requirements requested in this solicitation and the successful Bidder (the Contractor) shall remain responsible for Contract performance regardless of subcontractor participation in the work.

2.2 Background and Purpose

The Commission was established in 1910 by the Maryland General Assembly and given regulatory jurisdiction over public utilities operating in the State.

The fact-finding hearings conducted by the Commission are both adjudicatory and legislative in nature. The adjudicatory hearings are adversarial proceedings conducted within the general framework of judicial procedures and evidence. Parties to the proceedings place evidence into the record and cross-examine one another’s witnesses. The decision rendered by the Commission must be based upon the evidence on the record.

Typically, proceedings will involve the testimony of managers, engineers, accountants, statisticians, financial consultants, economists, and other experts who can provide evidence pertaining to the complicated management, accounting, financing, rate design and services issues pending before the Commission. Language and terms used in Commission proceedings are unique to the field of utility regulation and include a wide array of acronyms.

In addition to the evidentiary hearings, the Commission holds legislative hearings and evening public hearings at various locations in the service area of the utility whose matter is before the Commission. The purpose of the evening public hearings is to provide customers of the utility with an opportunity to comment on various proceedings and to provide information about how they will be impacted. The statements made at a public hearing are transcribed and become part of the official record in the case.

The State is issuing this solicitation for the purposes of providing the Commission with transcription services and verbatim court reporting services for minor proceedings which are mainly transportation matters, depositions, fuel rate and purchase gas adjustment proceedings, residential customer complaint proceedings, public conferences and administrative meetings.

2.3 Responsibilities and Tasks

The Contractor shall furnish all equipment, labor, material, supplies and delivery in connection with the performance of this contract.

2.3.1 General

All spoken testimony, arguments, comments, instructions, objections, and other verbal statements shall be reported, and no part of the required transcript shall be omitted from the record, unless otherwise directed by the presiding officer. Nothing spoken at a proceeding shall be “off the record” unless so designated by the presiding officer.

The Commission reserves the right to use local reporting services for proceedings in the extreme areas of the State and reserves the right to call on other reporting services in the event the Contractor is unable to provide the required services under the contract.

The Commission requires that the selected Offeror coordinate scheduling of court reporting services under this contract by accessing the Administrative Agendas and Hearing Schedules under “Documents” on the Commission’s website. As a courtesy, the Commission will **email** the Contractor when an emergency hearing has been scheduled. A **valid email** address is **required on the bid form**.

Note: A majority of the requested transcription only services will be transcribing portions of administrative meetings which are live streamed. The Contractor will be given a copy of the recorded meeting with the time stamp for the portion to be transcribed.

5.2 Technical Offer — Volume I

5.2.1 Technical Offer Requirements

- a. The Bidder shall address each Scope of Work requirement (Section 3.2) in its Technical Offer and describe how its proposed services will meet or exceed the requirement(s). If the State is seeking Bidder agreement to any requirement(s), the Bidder shall state its agreement or disagreement. Any paragraph in the Technical Offer that responds to a Scope of Work (Section 3.2) requirement shall include an explanation of how the work will be done. Any exception to a requirement, term, or condition may result in having the Bid classified as not responsive or the Bidder deemed not responsible, and the Technical Offer determined not acceptable.

Responses in the Bidder's Technical Offer should reference the organization and numbering of Sections in the IFB (ex. "Section 3.2.1 Response . . . ; "Section 3.2.2 Response . . .," etc.). This Technical Offer organization will allow State officials to "map" Bidder responses directly to IFB requirements by Section number and will aid in the review process.

- b. The Bidder shall give a definitive description of the proposed plan to meet the requirements of the IFB, i.e., a Work Plan. It shall include the specific methodology and techniques to be used by the Bidder in providing the required services as outlined in IFB Section 3, Scope of Work. The description shall include an outline of the overall management concepts employed by the Bidder and a project management plan, including project control mechanisms and overall timelines. Project deadlines considered contract deliverables must be recognized in the Work Plan.
- c. The Bidder must provide a draft Problem Escalation Procedure (PEP) that includes, at a minimum, titles of individuals to be contacted by the Department's Contract Monitor should problems arise under the Contract and explain how problems with work under the Contract will be escalated in order to resolve any issues in a timely manner. Final procedures must be submitted as indicated in IFB Section 3.5.

5.2.2 Technical Offers will not be opened publicly, but will be opened in the presence of at least two (2) State employees. Technical Offers will then be reviewed. Prior to the Bid Price Form opening, Technical Offers will be shown only to State employees and members of the review committee with a legitimate interest in them.

5.2.3 Technical Criteria

The following criteria shall be used to determine the acceptability of each item listed or provided under Section 4.2.1 "Technical Offer Requirements." All criteria are pass/fail. Technical Offers are not ranked but determined to be acceptable or not acceptable.

- a. The Bidder's comprehensive understanding of work requirements and mastery of the subject matter, including an explanation of how the work will be done (i.e., response to IFB Section 3.2 requirements). (see Section 4.2.1.a.)
- b. The Bidder's Work Plan. (see Section 4.2.1.b.)

c. The Bidder's Problem Escalation Procedure. (see Section 4.2.1.c.)

5.2.4 After Technical Offers have been reviewed, Bidders whose Technical Offers are determined not to be acceptable, based upon the technical criteria as set forth in Section 4.2.3, will be notified in writing that their Bids are not acceptable and being rejected. Included with the rejection notice, the unopened Bid Form will also be returned. Bid Forms from only those Bidders whose Technical Offers have been found acceptable shall be publicly opened at the date, time, and place specified in the Key Information Summary Sheet and IFB Section 1.13.3.

5.3 Bid Price Form — Volume II

The Bid shall contain all price information in the format specified on the Bid Form. The Bidder shall complete the Bid Form only as provided in the Bid Pricing Instructions and the Bid Form. Do not amend, alter, or leave blank any items on the Bid Form or include additional clarifying or contingent language on or attached to the Bid Form. Failure to adhere to any of these instructions may result in the Bid being determined to be non-responsive and rejected by the Commission.

The Contractor shall have the exclusive right to sell transcripts of the proceedings to participants [a party in the proceeding(s)] at the price contained in the contract awarded under this IFB.

5.3.1 Pricing Format – Appendix 2, the bid form is set up in two (2) sections:

B. Next Day Delivery;

COMAR 21.05.01.04 permits procuring agencies to apply a reciprocal preference under the following conditions:

- a) The Maryland resident business is a responsible Bidder;
- b) The lowest responsive Bid is from a responsible Bidder whose principal office, or principal base of operations is in another state;
- c) The other state gives a preference to its resident businesses through law, policy, or practice; and
- d) The preference does not conflict with a federal law or grant affecting the procurement Contract.

6.2.2 The preference given shall be identical to the preference that the other state, through law, policy, or practice gives to its resident businesses.

6.3 Award Determination

Award will be made to the responsible Bidder who submits to the State the responsive Bid that has the lowest Total Bid Price.

Attachment B. Bid Instructions & Form

B-1 Bid Instructions

In order to assist each Bidder in the preparation of its Bid and to comply with the requirements of this solicitation, Bid Instructions and a Bid Form have been prepared. Each Bidder shall submit its Bid on the Bid Form in accordance with the instructions on the Bid Form and as specified herein. Do not alter the Bid Form or the Bid may be determined to be not responsive. The Bid Form is to be signed and dated, where requested, by an individual who is authorized to bind the Bidder to the prices entered on the Bid Form.

The Bid Form is used to calculate the Bidder's TOTAL BID PRICE. Follow these instructions carefully when completing your Bid Form:

- A) All Unit and Extended Prices must be clearly entered in dollars and cents, e.g., \$24.15. Make your decimal points clear and distinct.
- B) All Unit Prices must be the actual price per unit the State will pay for the specific item or service identified in this IFB and may not be contingent on any other factor or condition in any manner.
- C) All calculations shall be rounded to the nearest cent, e.g., .344 shall be .34 and .345 shall be .35.
- D) Any goods or services required through this IFB and proposed by the vendor at **No Cost to the State** must be clearly entered in the Unit Price, if appropriate, and Extended Price with **\$0.00**.
- E) Every blank in every Bid Form shall be filled in. Any changes or corrections made to the Bid Form by the Bidder prior to submission shall be initialed and dated.
- F) Except as instructed on the Bid Form, nothing shall be entered on or attached to the Bid Form that alters or proposes conditions or contingencies on the prices. Alterations and/or conditions may render the Bid not responsive.
- G) It is imperative that the prices included on the Bid Form have been entered correctly and calculated accurately by the Bidder and that the respective total prices agree with the entries on the Bid Form. Any incorrect entries or inaccurate calculations by the Bidder will be treated as provided in COMAR 21.05.02.12, and may cause the Bid to be rejected.
- H) If option years are included, Bidders must submit pricing for each option year. Any option to renew will be exercised at the sole discretion of the State and comply with all terms and conditions in force at the time the option is exercised. If exercised, the option period shall be for a period identified in the IFB at the prices entered in the Bid Form.
- I) All Bid prices entered below are to be fully loaded prices that include all costs/expenses associated with the provision of services as required by the IFB. The Bid price shall include, but is not limited to, all: labor, profit/overhead, general operating, administrative, and all other expenses and costs necessary to perform the work set forth in the solicitation. No other amounts will be paid to the Contractor. If labor rates are requested, those amounts shall be fully-loaded rates; no overtime amounts will be paid.
- J) Unless indicated elsewhere in the IFB, sample amounts used for calculations on the Bid Form are typically estimates for evaluation purposes only. Unless stated otherwise in the IFB, the Commission does not guarantee a minimum or maximum number of units or usage in the performance of the Contract.
- K) Failure to adhere to any of these instructions may result in the Bid being determined not responsive.

B-1 Bid Form

The Bid Form shall contain all price information in the format specified on these pages. Complete the Bid Form only as provided in the Bid Instructions. Do not amend, alter or leave blank any items on the Bid Form. If option years are included, Bidders must submit pricing for each option year. 2.2 The Procurement Officer may, at any time, by written order, make unilateral changes in the work within the general scope of the Contract. No other order, statement, or conduct of the Procurement Officer or any other person shall be treated as a change or entitle the Contractor to an equitable adjustment under this section. Except as otherwise provided in this Contract, if any change under this section causes an increase or decrease in the Contractor’s cost of, or the time required for, the performance of any part of the work, whether or not changed by the order, an equitable adjustment in the Contract price shall be made and the Contract modified in writing accordingly. The Contractor must assert in writing its right to an adjustment under this section within thirty (30)

Unless properly modified (see above Section 2), payment to the Contractor pursuant to this Contract, including the Initial Term and any Renewal Term, shall not exceed the Contracted amount.

If any material, including software, is capable of being copyrighted, the State shall be the copyright owner and Contractor may copyright material connected with this project only with the express written approval of the State.

6.2 Except as may otherwise be set forth in this Contract, Contractor shall not use, sell, sub-lease, assign, give, or otherwise transfer to any third party any other information or material provided to Contractor by the Commission or developed by Contractor relating to the Contract, except as provided for in **Section 8. Confidential or Proprietary Information and Documentation**.

7. Patents, Copyrights, and Intellectual Property

7.1. All copyrights, patents, trademarks, trade secrets, and any other intellectual property rights existing prior to the Effective Date of this Contract shall belong to the party that owned such rights immediately prior to the Effective Date (“Pre-Existing Intellectual Property”). If any design, device, material, process, or other item provided by Contractor is covered by a patent or copyright or which is proprietary to or a trade secret of another, the Contractor shall obtain the necessary permission or license to permit the State to use such item or items pursuant to its rights granted under the Contract.

7.2 Except for (1) information created or otherwise owned by the Commission or licensed by the Commission from third parties, including all information provided by the Commission to Contractor; (2) materials created by Contractor or its subcontractor(s) specifically for the State under the Contract (“Deliverables”), except for any Contractor Pre-Existing Intellectual Property included therein; and (3) the license rights granted to the State, all right, title, and interest in the intellectual property embodied in the solution, including the know-how and methods by which the solution is provided and the processes that make up the solution, will belong solely and exclusively to Contractor and its licensors, and the Commission will have no rights to the same except as

expressly granted in this Contract. Any SaaS Software developed by Contractor during the performance of the Contract will belong solely and exclusively to Contractor and its licensors. For all Software provided by the Contractor under the Contract, Contractor hereby grants to the State a nonexclusive, irrevocable, unlimited, perpetual, non-cancelable, and non-terminable right to use and make copies of the Software and any modifications to the Software. For all Contractor Pre-Existing Intellectual Property embedded in any Deliverables, Contractor grants to the State a license to use such Contractor Pre-Existing Intellectual Property in connection with its permitted use of such Deliverable. During the period between delivery of a Deliverable by Contractor and the date of payment therefor by the State in accordance with this Contract (including throughout the duration of any payment dispute discussions), subject to the terms and conditions contained herein, Contractor grants the State a royalty-free, non-exclusive, limited license to use such Deliverable and to use any Contractor Materials contained therein in accordance with this Contract.

- 7.3. Subject to the terms of **Section 10**, Contractor shall defend, indemnify and hold harmless the State and its agents and employees, from and against any and all claims, costs, losses, damages, liabilities, judgments and expenses (including without limitation reasonable attorneys' fees) arising out of or in connection with any third party claim that the Contractor-provided products/services infringe, misappropriate or otherwise violate any third party intellectual property rights.
